Subject: Bring back Uber

Uber provides a much safer feel than your regular cab service. Uber was a very good asset to South Carolina and the transportation system provided in this state. Please bring Uber back, I do not feel as safe with the other services and neither do any of the people I have been in contact with regarding this situation.

Thanks,

Marisa Satterfield

Uber is awesome. Why are you'll standing in the direct way of progress? No one wants old, dirty, nasty cabs with rude drivers and high prices any longer.

This is absurd. Let the free market rule. I have used uber many times. The yellow cabs are disgusting maybe the competition will make them step up and improve. Government needs to stop making decisions for the consumer. I assume the cab industry paid big bucks to get this passed. Do the right thing let Uber work
